

CEO Report

May 1, 2017

To date I have done 8 Land use permits and 9 plumbing permits. The Planning Board had their first meeting and issued their first permit for the year. The Planning Board will be having another meeting this month (May), there is already one application waiting. I went out with the new Game Worden for this area on the small lake looking at styrofoam that muskrats have been chewing, pieces of it are all over the shore, we also found a deer carcass. I have been working with the Town's Attorney on the Dangerous building (you will have current pictures at the May 11 meeting). I have sent a Notice of Violation for an illegal junkyard on Mechanic Street. I will keep you informed.

Commented [U1]:

Respectfully submitted,
