

CEO Report

February 2016

Winter is here and so are the Ice Shacks, have had a few complaints, when the owners of the shacks have been notified, and they have complied with the Ordinance. I have made several trips to the VoTech Center and inspected where the fire was and told the contractors what permits that they would have to obtain. Had some issues with rats at one apartment in Town but the issue has been taken care of. Had complaints of rats at a house on the Dover road. Still working on that complaint. I've issued 4 Land Use permits and 3 plumbing permits for the last 2 months. I also have been taking classes on the new building and plumbing code.

Respectfully submitted,

Al Tempesta
