

Monthly Report for.

JANUARY 2018

This month we finally got our 2012 int. plowtruck back. So far so good. Its been alittle bit tuff getting all the plowing down being short handed. We helped building maint. get the skating ring ready for family day coming up. We fix the airport plow for them. I have put in alot of hours in the grader cutting ice. Hopefully someday the water will slow down so we can catch up.

respectfully submitted,

*Eric Campbell*
