

Monthly Report for:

MAY 2018

This month we have been working on stripping trucks. Finished sweeping , did a little ditching and replaced some culverts. I helped mike build the dugout up to bud ellms field. We replaced the transfer case for the police, made screens for their cruisers and service two of them and did a brake job. We rebuild the cemetary trailer. We started making gravel out to the pit , hauled stone and gravel up to the golf coarse. The beavers have started already. We have stripped the 2012 int and are ready to swap the motors when the time is right. All the roads have been graded once. We are rigging the water truck up to make liquid calcuim and spray it on the road . That way it will be a one man job instead of a 3 man job. We have cleaned the tree out of the lake at ronco park. We fixed the 2 basins on park street and fix one on free st. We replaced 3 culverts on high st and ditched center st
