

# **JULY FACILITIES REPORT**

- **We did our mandatory CPR training.**
- **We mowed lawns and got them ready for the 4<sup>th</sup> of July.**
- **Somebody crashed into our gate out back at Ellms field. They ended up taking the cable with them. This is the third time this year. Somebody also threw a rock through the window of the snack shack at the horse rink.**
- **The new body on my truck is done due to a lot of work from Eric and the highway crew. It seems to be a good fit for what we need.**
- **C.E.S. took me around and showed me where the wells are located at the old dump. We still haven't heard from the State yet.**
- **Jeremy and a couple of his crew helped Loney and I weed wack and start to get things ready down town for the Red Hotdog Festival.**

**Respectfully submitted,  
Mike Gudroe**
