Approve March minutes: Motion: Ahern

Seconded: SBailey In Favor: 23 Against: 0

Visitors: Michele, LeAnne

Training:

Super [Sunday April 7](#)

CMFAS [April 13&14](#)

Up coming training.

Main St house. Burn pile when weather allows
Stop the bleeding for those interested.
Extrication.

Chief Connor:

- Discussion on Station Coverage while we are out.
- I will be presenting this years FD budget this week to the town manager.
- All forestry supplies were set up on the trucks last training night, if you were not in attendance. Grass fires will be here before you know it. If a call is during the day call what you need to for Mutual Aid. Remember you can always turn them around.
- The internet issue and the signal in the meeting room is being addressed.
- Watching the weather closely to pick the "perfect day" to burn 121 Main St. Free St. will be coming down soon as well.
- Interest in another cold water rescue training now we have some open water to work with? (Weekend/day time)
- The 2 new SCBA's are in and will be placed in 471 along with the "new masks".
- Thank you Wilfred and Rick for washing and waxing the floors for Old Timers night.
- Restaurant next door plans to reopen [May 1st](#). Similar discussions also with regards to Factory One.
- We have been challenged to raise 11K towards our new battery operated Jaws of Life. In turn that number would be matched.

1stAsst. Stocker

IAR update: Automatic messages, training messages, dedicated PC in meeting room/truck bay

2nd Asst. Chief Deering

Captain Bailey:

When doing truck checks, be sure the CO and gas meter are being checked in 471. If calibration is needed inside of 30 days let an officer know so we can have this done.

Mud season is in full swing. Keep this in mind when responding to calls. And keep an eye out for frost heaves. There are some bad ones out there.

1st Lt. Grant

2nd Lt. Everett Hibbard
