

RECREATION REPORT

MARCH 2019

- Held sign ups for girls softball for grades 3 through 6. Numbers are a little low with about 30 girls practicing their skills to get ready for the upcoming season.
- Held little league sign ups as well with about 35 boys all geared up and ready to go.
- Attended Recreation Director meetings for both softball and baseball to discuss the upcoming season and any rule changes we might want to put in.
- Roller skating numbers continue to be good. Had a special Friday night skate on March 29th which was pretty well attended. People have expressed interest in doing this once in awhile so I am looking to do a Friday night skate once a month next year.
- Town Hall rentals have been steady. The cool damp spring has helped but once it warms up it will go the other way.
- Have begun booking Wayside Park summer concert performers which will start the end of June.

Respectfully submitted,

Mike Martin, Recreation Director
